**NCCM Spain Earns Management System ISO 9001:2015 Quality Certification**  
*European Plant, Service Center and Sales Office Making Extraordinary Strides*

**Barcelona, Spain:** NCCM has recently obtained certification ISO 9001: 2015. The certificate has been granted by Bureau Veritas Certification, the first private certification entity in Spain, for NCCM's center in Barcelona.

This certification confirms NCCM Spain's good practices and recognizes the maturity and effectiveness of its management system quality. At the same time, NCCM demonstrates its commitment to continuous improvement around the world.

General Manager of European Manufacturing, Joan Compte, stated, "We are delighted to have received this certification. We believe it showcases the hard work and determination of our organization and staff. We have achieved this in our third year of operation, and I am excited to see how we continue to grow. This certification is just one part of our multi-faceted mission of offering 360-degree service."

With our recent certification, the effort and dedication of the entire team is recognized internationally, and we take this as an opportunity to reaffirm our ability to offer effective responses to customers and pursuit of business excellence.

**About NCCM Roll Technologies, S.L.:** As the European plant, service center and sales office, NCCM Spain is delighted to offer 360-degree service to our customers across Europe with a special focus on OEMs and machine builders as well as automotive key accounts. In-house shaft manufacturing for new rolls as well as the full scope of roll service from regrinding to recovering is available to best serve our customers regardless of their need.
